

## Sports Action Photos Available

Parents, *The Photo Guy* is at WLA! Operated by Fondy native Greg Mittelsteadt (WLA 086), *The Photo Guy* is a sports photography service that takes action shots at sporting events for purchase by players, parents and fans. Mittelsteadt has six years of professional photography experience shooting basketball, volleyball, football, baseball, softball, and soccer events for colleges and universities.

As *The Photo Guy*, Mittelsteadt primarily shoots local sporting events. He then uploads the pictures to his website where players, parents, and fans can view the pictures. A variety of photo sizes and types, as well as other items that incorporate the photos are available for purchase.

One of the most popular items for sale is the **99 cent photo**. For just 99 cents, customers receive the photo of their choice via email. The digital photo is suitable for use on computer screensavers or wallpapers and can also be posted on social pages such as MySpace and Facebook.

The digital download is another popular purchase option. For just \$2.99, customers can purchase the original picture in digital format which they receive via email. Customers can use this file anyway they wish electronically and can also utilize it to obtain prints from their home printer or from other film developers.

*The Photo Guy* will be taking pictures at WLA events throughout the year. For more information, contact Greg directly.
